Who was your style icon growing up?

My big sister, Charisma. Nineties It-girl through and through, making everything look fab. She understood the hair, nails and jewelry were the icing on the cake. She would plan her looks at night and have it all meticulously laid out head to toe and pristine. And she always wore the new-new. Big Libra energy. She shopped at the top of the season and would buy so many clothes and shoes, OMG... Statement pieces, custom vibes. Her friends always begged to borrow her clothes. If IG was out then she would have been a viral style icon for sure. Legend!
