Neon Vibe

O verão chegou e a pergunta que não quer calar é: Qual a cor da estação? Na verdade nunca há realmente apenas uma. Existe um consenso, no entanto, na cor que todos estão olhando, e é nos ácidos. Valentino liderou a explosão de Neon com uma série de looks em verde, fúcsia e amarelo. Christopher Kane, um defensor de longa data do neon, revelou looks de renda no amarelo e rosa brilhante que eram pura alegria. Carolina Herrera e Jacques Mus apostaram em full looks flúor.

Sutil pode não ser a especialidade desse tom, mas suas cores ácidas combinadas com preto, cinza ou prata sabem como fazer uma entrada.

Todos os detalhes falam neon!! Conjunto Cecilia Prado para BR Dress Rent e brincos Serabondy.
